Greetings Donors,

The Legacy Bridges Foundation, Inc. (LBF), is a California 501(c)(3) non-profit public benefit corporation founded to provide support to individuals and families battling the disease of epilepsy and other seizure related disorders. Epilepsy is the incurable neurological disorder in which abnormal brain activity causes seizures or other unnatural behaviors. Epilepsy affects 1 out of every 26 individuals; 3.4 million people nationwide, more than 65 million people globally, and 150,000 new cases are diagnosed in the United States each year. With so many people being impacted by this disease, the need is overwhelming for an organization to stand up and raise a greater awareness, shine a light for so many who are affected, and contribute to the efforts in finding a cure.

The Legacy Bridges Foundation, Inc. is here to give voice to a community that suffers from epilepsy and other related seizure disorders. Our organization serves to bridge the gap between society, epilepsy patients and their families. LBF provides unique services and programs that encourage a sustainable quality of life for our champions.

Phase one of our initiatives is to raise awareness of epilepsy and other seizure related disorders. We are strengthening the educational systems, workplace environments and Inland Valley communities through on-going classroom and online training and distribution of comprehensive first aid literature. To do so, your tax deductible support is needed. All donations are fully tax deductible.

Many organizations are not equipped with the knowledge, experience and tools to support individuals who suffer with seizures. LBF bridges the gap to leverage its resources to incorporate proper measures for supporting and accommodating individuals and families suffering from epilepsy and seizure related disorders, whether in the workplace, classroom or in the community.

The reason for this letter is to ask you for your support by sponsoring our in-depth interactive training programs which includes; instructional materials, high-quality produced training videos, presentations and live demonstrations using technical equipment and modernized practices. Your contribution will assist the Legacy Bridges Foundation, Inc. in engaging and educating the community on the proper and lawful techniques for supporting those suffering from seizure disorders.

With more than 150,000 new epilepsy and seizure related cases diagnosed each year, the need is urgent.

We are asking all of the friends of the Legacy Bridges Foundation, Inc. to take part in our 31-Day Challenge, beginning May 1st. For the next 31 days, through May 31, 2022, help us raise \$25,000 to assist the Legacy Bridges Foundation, Inc. in acquiring a van equipped to transport our disabled champions to and from medical appointments, social activities, public appearances and outings. Attached are the FY 2022 sponsorship and support levels.

We are counting on you to help us meet and exceed our goal.

Thank you for participating in our 31-Day Challenge!

Sincerely,

Annette Solomon
Development Director
